City of Sunnyvale Issues 1 Year Long Contract to Local Consulting Firm

On August 1, 2010, the City of Sunnyvale issued a 1 year Blanket Purchase Order for As-Needed Environmental Testing Services to Benchmark Environmental.

Over the contract period environmental services could include surveys, abatement/remediation plans, and training and documentation development.

Benchmark Environmental Engineering, a California based company provides environmental testing and training services throughout the U.S. Many of the on-going contracts are with Municipalities working for the redevelopment departments.
