

# Data Management System

Benchmark Environmental Engineering provides a user-friendly Data Management System to help clients manage their inspection data, employee environmental training certificates and environmental documents as needed on a protected shared system. Clients can register and login on our website. We provide this service free of charge.

Simple **Dashboard** to access all of the areas you need.

Address	Apt/Unit	Document Title	Property Name	BM #	Serv. Date	319 Rpts
1234 Property Address		Lead Inspection (ACC Report)				<a href="#">View</a>
